

Corequisite Implementation: *Lo Bueno, Lo Malo y Lo Feo*

Dr. Beth Lewis, Executive Vice President and CAO

IT TAKES A VIKING

Lo Bueno (The Good)

- ***Math: Real-Time Remediation (same instructors for college level and DE) 60% passed College Algebra in Fall 2018 vs. 37% in Fall 2017***
- ***English: Differentiated Instruction (different instructor and different times) students taking both DE and 1301 had higher pass rates than those who took only 1301 (64% vs. 57%)***
- ***Collaboration between ENGL and READ departments high; agreements on SLO assessments***

Lo Malo (The Bad)

- ***Math: students didn't take DE class assignments seriously—focused only on credit class***
- ***English: drops in DE classes only (24.2%) were higher than combo students (19%)***
- ***INRW pass rate differences were negligible between combo and non-combo (64.7% vs. 63.3%)***

Lo Feo (The Ugly)

- ***Staffing—assigning faculty who can teach both DE and credit can be problematic when running combo classes; also had to increase number of adjuncts to cover stand-alone classes***
- ***Students reported confusion in teaching styles and concept approaches when they had different faculty for ENGL 1301 and DE***
- ***Advising is much more complicated now!***

MATH

If a student's MATH TSIA Scores are	M 335 and below (M0)		then	register student for MATH 0371, DEBA 0001 (BASE NCBO), and STSC 0101 (Student Success).	After successful completion, the student's REM for Math will be M2.
If a student's MATH TSIA Scores are	M 336 – 345 (M1)		then	Register student for MATH 0371 and STSC 0101 (Student Success).	After successful completion, the student's REM for Math will be M2.
If a student's MATH TSIA Scores are	M 346 – 349 (M2)	and does NOT need college-level MATH	then	register student for MATH 0373.	After successful completion, the student's REM for Math will be M3.
If a student's MATH TSIA Scores are	M 346 – 349 (M2)	and needs College Algebra (see degree plan)	then	first register the student for MATH 1314.E __ and the appropriate MATH 0373 will automatically appear for enrollment.	After successful completion of this corequisite option, the student's REM for Math will be M3.
If a student's MATH TSIA Scores are	M 346 – 349 (M2)	and needs Contemporary Mathematics (see degree plan)	then	first register the student for MATH 1332.E __ and the appropriate MATH 0373 will automatically appear for enrollment.	After successful completion of this corequisite option, the student's REM for Math will be M3.
If a student's MATH TSIA Scores are	M 346 – 349 (M2)	and needs Elementary Statistical Methods (see degree plan)	then	first register the student for MATH 1342.E __ and the appropriate MATH 0373 will automatically appear for enrollment.	After successful completion of this corequisite option, the student's REM for Math will be M3.
If a student's MATH TSIA Scores are	M 350 + (M3)		then	register the student for the college-level MATH appropriate for the student's major.	

NOTE:
**In addition to noting students' actual TSIA scores, please go to "STAC" (Student Academic Credits) and review previous coursework.
 **See "Notes on DEBA..." distributed by the MATH Department on April 1, 2019 via DMC News.*

Developmental Education Pathways Summer/Fall 2019

READ and ENGL

If a student's TSIA Scores are	R 342-350 (R2) <i>and</i>	E Essay 3 and 354+ (E2)	then	register student for INRW 0408 and ENGL 1301.E__.	This corequisite option leads to R3 & E3 Courses.
If a student's TSIA Scores are	R 351+ (R3) <i>and</i>	E Essay 3 and 361+ (E2)	then	register student for INRW 0408 and ENGL 1301.E__ or English NCBO & ENGL 1301.E__ English Chair approval needed.	Both corequisite options lead to R3 & E3 Courses.
If a student's TSIA Scores are	R 348-350 (R2) <i>and</i>	E Essay 4 and 340+ (E3)	then	register student for INRW 0408 and ENGL 1301.E__ or Reading NCBO & ENGL.E__ Reading Chair approval needed.	Both corequisite options lead to R3 & E3 Courses.

STSC (Student Success)

If a student's TSIA Scores are	R 351+ (R3)	E Essay 0-3 and 353 and below (E1)	then	register student for ENGL 0305/0306 and STSC 0101 (Student Success).	After successful completion, the student's REM will be R3 & E2 and then will take INRW 0408 or (Chair Approval English NCBO & English 1301).
If a student's TSIA Scores are	R 341 and below (R1)	E Essay 4 and 340+ (E3)	then	register student for READ 0305 and STSC 0101 (Student Success).	After successful completion, the student's REM will be R2 & E3 and then will take INRW 0408 or (Chair Approval Reading NCBO & English 1301).
If a student's TSIA Scores are	R 342-350 (R2)	E Essay 0-3 and 353 and below (E1)	then	register student for ENGL 0305/0306 and STSC 0101 (Student Success).	After successful completion, the student's REM will be R2 & E2 and then will take INRW 0408.
If a student's TSIA Scores are	R 341 and below (R1)	E Essay 3 and 354+ (E2)	then	register student for READ 0305 and STSC 0101 (Student Success).	After successful completion, the student's REM will be R2 & E2 and then will take INRW 0408.
If a student's TSIA Scores are	R 341 and below (R1)	E Essay 0-3 and 353 and below (E1)	then	register student for READ 0305 and ENGL 0305/0306 and STSC 0101 (Student Success).	After successful completion, the student's REM will be R2 & E2 and then will take INRW 0408.

Moving Forward...

- ***Begin discussion of requiring students to take all DE (especially MATH) beginning first semester and until completed***
- ***Explore ways to align instructor styles between DE and 1301 in English***
- ***Strengthen professional development for all new faculty (FT and adjunct) teaching in coreq classes so they understand the purpose of this approach***
